WEVA Junior Girls Ranking/Seeding System

Overview:
Regional rankings for regional tournaments and for reporting to USA Volleyball will be based upon a mathematical system of points. These points will be awarded based upon three key factors:

- Level of the Tournament – Scaled 1-6
- Age Level of the Tournament – Scaled 3.5-.5
- Percentile of Placement the Team Finished
  (Rank / Number of Teams)

All tournaments will be verified by the WEVA Rankings Coordinator, and results will be entered for ALL teams not just those who submitted. Only tournaments that record a final ranking and a declared first place team will count towards the rankings.

It is important that clubs submit results promptly and accurately. The results are used throughout the year for seeding teams into local events (not just the BID Qualifier event) so ALL WEVA teams MUST submit results online.

Impact on Rankings / Seeding:
Ranking: Overall year-end and monthly rankings will be determined by total points.

Seeding: Seeding for tournaments will be based upon either the AVERAGE or the SUMMATION of total points – this will be determined by the Rankings Committee based upon slight adjustments that make the most sense for the ranking for that tournament. Head to head record may also be used for situations where slight adjustments are under consideration.

For the bid tournament, here is how teams will be allowed to enter:
No teams will be allowed to enter after the deadline posted for the event. No teams will be contacted to fill out an age bracket. Only teams that submitted paperwork and payment will be allowed to participate. In addition, players/teams will only be allowed to participate in the tournament if they played in two WEVA sanctioned events prior to the tournament.
12/13 and under teams – all interested will be allowed to participate

All other age groups – up to 8 teams will be allowed to participate in each age group. If the number of teams interested in participating exceed the number of teams allowed play in matches may be considered by the committee for the eighth and final spot awarded. In addition, if the number of teams registered in WEVA for any age group is significantly low (historically the 15/17 age groups) and five teams are interested in participating the committee will review the strength of the teams and may consider only allowing 4 teams entry to avoid 5 team pools in the event. The committee will be responsible for the annual evaluation of registered teams and use appropriate discretion in their final decisions for allowed entry into the BID Qualifier event.

**Tournament Levels:**
Tournaments are divided into 6 categories, as noted below. Any tournament can be added into the listing (see rankings spreadsheet for full list), the assigned ranking is completed prior to March 1 by the Junior Sub-Committee.

**Level 6:**
Open division national qualifier or tournament with multiple, nationally ranked teams. For Example:
- National Qualifiers - OPEN
- North Coast Power League

- WEVA Festival
- Baystate Tourney
- Hocus Pocus 14’s, 12’s
- Winter Challenge 17’s, 15’s -14’s, 12’s
- JAVA Tournaments
- Southern Tier Invite
- OVR Regional Challenges
- BNCC Tournaments
- Xtreme Challenge Tournaments
- MLK Club
Point Determination:

To find out how many points teams will receive, multiply the level by the percentile points. The percentile points for level 1 and 2 events are as follows:

<table>
<thead>
<tr>
<th>Category</th>
<th>Percentile</th>
<th>Points</th>
</tr>
</thead>
<tbody>
<tr>
<td>Winner</td>
<td></td>
<td>15</td>
</tr>
<tr>
<td>Runner-up</td>

If there are 8 teams or less in the tournament, straight percentage points are utilized instead of the “winner” and “runner-up” point values, regardless of finish.
Some FAQs:

If players from other teams play on your team, how do you record the results?
The team that is registered with the tournament would have had to be under a specific WEVA / USA Volleyball number. That number is the key to how / where the results are recorded. If rosters are altered where it results in significantly changing the strength of the original team those results should not be recorded as points earned. Please advise Junior Coordinator, Cindy D’Errico and WEVA rankings Coordinator, Gary Hill when teams are entered into tournaments with altered rosters.

If you play up in an age division, does that get additional points?
Yes, for 2010 each age grouping has a rating, the rating score is associated with the tournament team age. Since all teams have the opportunity to play within their age, younger teams are not hurt by a lower rating – for example the 12s have a .5 rating, while the 18s have a 3.5 rating.

Examples:

At the Finger Lakes Winter Challenge II (Rating of 1 for level of tournament), Premiere 16-2 places tied for 3rd out of 10 teams (to earn 8 points for 21-30% of total field for a level one event)
16s tournament = 2.5 age level scale factor
1*8*2.5 = 20 points for Premiere 16-2 – EDIT FOR NUMBER OF TEAMS / MAKE TWO EXAMPLES
