Commissioner's Greeting

Welcome to USA Volleyball, Western Empire-style. Last season was a very good season for WEVA. Years ago we increased the position of Executive Director to a full time position to carry out the day-to-day needs of the region. This was prompted by the needs of the junior community, commitment to growth, and the desires to better service our members. With the growth and financial health of our Region, I believe we have come a long way. There are always opportunities to improve. If you have any ideas on ways we can continue to service our members better please feel free to call the WEVA office. Also, if interested, please volunteer to serve on one of our junior committees in the region. WEVA completed the season with 3607 members, plus 87 league members for a grand total of 3694 memberships. In 2004 USA Volleyball made mandatory the use of background checks. These checks, although they are more work and have added expense, are there to protect our junior members. To start the 2017-2018 season all those required to have a background check will also be required to complete the Safe Sport certification. Some problems that arise are that some clubs are not requesting the completion of the background checks early enough to enter some events. The background checks take an average of 5-8 days to complete. The AES tournament entry system usually requires coaches and chaperones to be background checked prior to entering the team into an event.

The following will have to have background checks performed and complete the Safe Sport Certification:

- Coaches and assistant coaches
- Club and team reps
- Club and team administrators
- Chaperones and all adults affiliated with a junior club
- All Officials
- All WEVA Board of Directors members

This has meant that all clubs need to fill out, pay for and have cleared background checks and registrations for all the above-mentioned, prior to any contact with junior members. The background checks have to be redone every two (2) years. The 2017-2018 background check rate will remain unchanged at \$18.

WEVA's sole purpose is the promotion of volleyball and playing the game in all of its forms. In addition to developing players and keeping them safe, WEVA has committed resources and volunteers to train coaches, scorekeepers, officials and parent volunteers. Again this year WEVA has committed to provide in region Impact classes to coaches free of charge, other coaching clinics are being planned at a minimal fee or FREE.

You can contact the WEVA Region Office at:

- Cell #: (585) 259-6557 during work hours – 8am to 5pm Monday-Friday
- E-mail: wevajohn@gmail.com
- Web Site: <http://www.wevavolleyball.org>

Get Involved: You are invited to be involved with WEVA. WEVA Board meetings are normally held the second Monday every other month, starting in November. Join us; get involved with the greatest sport in the world - VOLLEYBALL!

John W. Hughes
Regional Commissioner

Introduction

USA Volleyball

USA Volleyball is the national sports governing body for volleyball, as authorized by the United States Olympic Committee, consistent with the Amateur Sports Act of 1978, and it is the recognized US delegation to the Federation International de Volleyball (FIVB).

WEVA

The Western Empire Volleyball Association (WEVA) is a liaison corporation to USA Volleyball and is designed to foster and conduct area, regional and national amateur volleyball competition. WEVA is a not-for-profit organization and a member of the USA Volleyball, serving fifteen counties in the western New York area. Its purpose is to develop and promote the sport of volleyball, through adult, junior, and youth programs.

MEMBERSHIP

To participate in its programs, as a player, coach, manager, club or team rep, chaperone or administrator for a club or team, or official, you must register as a member of WEVA. This registration provides you with coverage under the USA Volleyball Insurance Program during your participation in sanctioned try-outs, practices, clinics, and tournaments, and while traveling as a group directly to and from USA Volleyball sanctioned events. Background checks are mandatory for any adult participating in the junior program. These background checks, although they are more work and an added expense, are there to protect our junior members. The following will have to have background checks performed: coaches, assistant coaches, club reps, team reps, club and team administrators, and chaperones and officials. The background checks will have to be redone every two (2) years.

SAFE SPORT

Safe Sport was introduced by the USOC to all NGB's of all sports. WEVA required all clubs to have at least one trained safe sport contact; all of our clubs were successful in getting this completed. Two years ago WEVA required all of our Coaches and referee's to become certified. Last year, USA Volleyball and WEVA required all adult members affiliated with juniors to be safe sport certified.

SEASON

The year's membership begins on September 1st of that year and ends on October 31st of the following year.

History

USA VOLLEYBALL

USA Volleyball ranks as one of the leading amateur sports bodies in the nation.

The story of the USA Volleyball cannot be told without first looking at the history of the sport itself. William G. Morgan created the sport of volleyball in 1895. He was a YMCA physical director in Holyoke, Massachusetts. Volleyball became popular immediately and by 1900, the rules of play had evolved to the point where it required its own special ball. The "Y" movement took the sport around the world and in 1913; it was included in the Far East Games in Manila, the Philippines.

The American Expeditionary Force brought the sport to Europe during World War I, and is credited with distributing over 1,600 volleyballs throughout the European theatre. The first US National Championship (for men only) was played in 1922 at the Pittsburgh, PA YMCA and was won by the Brooklyn Y.

USA Volleyball, founded as the United States Volleyball Association (USVBA) in 1928 at the Yale Club in New York City, was created for the purpose of representing the sport nationally and internationally, and for conducting an annual national open championship. It has fulfilled this purpose ever since. The following are member organizations of USA Volleyball: National Collegiate Athletic Association (NCAA), National Junior College Athletic Association (NJCAA), Young Men's Christian Association (YMCA), National Federation of State High School Associations, National Jewish Welfare Board (NJWB), Catholic Youth Organization (CYO), Armed Forces, and Explorer Division of the Boy Scouts of America (BSA).

USA Volleyball is the nation's volleyball leader. The U.S. Olympic Committee (USOC) recognizes it as the National Governing Body for the sport. It is the exclusive representative of the United States to the International Volleyball Federation (FIVB) and to a number of other international sport bodies.

In 1949, the USA Volleyball added a Women's Open National Championship, and since then both the Men's and Women's Opens have been conducted concurrently each year. USA Volleyball also conducts the National Championships for Senior Men and Women, for Mixed Sixes (coed), and the USA Volleyball Junior Olympic Volleyball Championships (eight age groups: 11 and under, 12 and under, 13 and under, 14 and under, 15 and under, 16 and under, 17 and under, and 18 and under).

USA Volleyball has divided the nation into 40 regions. Within each region, there are a number of programs conducted, including regular competitions organized by age and/or ability, summer instructional camps, and clinics for the development of coaches, players, and referees. International competitions involving the USA National Team and foreign opponents are also regular occurrences in many of these regions.

In 1975, a full-time national team-training center for women was founded by the USA Volleyball in Pasadena, Texas. This was an American amateur sports innovation. It was followed in 1977 by a similar program for men in Dayton, Ohio, which also included a first-ever jobs program that successfully subsidized over a dozen athletes. The women's program, moved to Colorado Springs, Colorado, in 1978 and then to Southern California. The men's program moved to San Diego in 1981. During 1997 the program moved back to Colorado Springs, and has now moved back to Southern California. The Beach program is located in California.

With the success of the men's and women's Olympic Teams at the 1984 Summer Games in Los Angeles, the USVBA was poised to take this American sport to the pinnacle of international success. With the USA's win at the 1986 World Championships, the American men captured volleyball's Triple Crown. The USA is the only country (besides the Soviet Union) to have won, in succession, the Olympic gold, the World Cup, and the World championships. The men won a second Olympic gold at Seoul, Korea in 1988. The USA Women did not receive a medal at Seoul, but finished third at the 1990 World Championship in Beijing, China, and have steadily improved their world ranking. Both the men and women's teams won bronze medals in the 1992 Olympic Games in Barcelona. In 2000, beach men won a gold medal in Sydney, Australia. In 2004, beach women won gold and bronze in Athens, Greece. In 2008, men won gold, beach men won gold, and women beach won gold and silver in Beijing, China. In 2012, women won silver, beach women won gold and silver in London, England. In 2016, men and women won bronze, and beach won bronze in Rio, Brazil along with the sitting women's team capturing gold. The USA continues to improve their level of play and dominance in the sport of volleyball at both junior and adult international competitions.

Volleyball continues to grow;

USA Volleyball, now with a membership of over 358,537, has maintained quality leadership and communications to promote volleyball and provides the membership with volleyball competition at all levels. The junior movement has made great strides and has become a model for other sports programs. The Coaching Accreditation Program (CAP) trains competent leadership across America to guide young people to still higher levels of volleyball.

TEAM AND PLAYER CLASSIFICATION

Level of Competition:

- Regular USA Volleyball competition for adult teams normally includes tournaments at B, BB, A, and AA levels, with AA being the most competitive. Leisure competition can be found at C, B, BB, A, and AA levels. The lower levels are intended for teams and players that are just getting started or don't wish to play at such an intensely competitive level.
- Both Regular and Leisure classifications may, on occasion, offer Mixed Sixes and Reverse Mixed Sixes tournaments at all levels.
- Teams may play in tournaments at or above their level, but not below.
- To make clearer distinctions between teams, we use the following guidelines for classification of players and teams. It is our intention that these guidelines make eligibility of players and teams easier to classify. This, in turn, makes competition fairer for everyone.

Player Ratings:

- Individual players are now ranked from AA (highest level) to C (lowest level), with points associated with each level (5 for AA through 1 for C).
- An eligibility committee (consisting of players, coaches, officials, and region administrators) determines final player ratings.
- Players will rate themselves at the beginning of each season and may be adjusted up or down as deemed necessary during the season. The worksheet on page 19 can be used to help players rate themselves.

Team Ratings:

- Teams will be ranked according to the total points for the six highest-ranked players on their rosters.
- During the sanction season, the "Rule of 1" applies.
- During Regional Championships and USA Volleyball Open National Championships, the highest rated player on your roster determines the level of play.

Team Ranking:

| Rating | Rule of 1: | Championships: | Description: |
|---------------|-------------------|-----------------------|--|
| AA | 26 – 30 | 10 - 30 | Plays at top college level, Open level, or in national tournaments |

A loss of rally occurs when the missing person is due to serve. The tournament director must detail these exceptions on the "WEVA Tournament Director's Report" form.
- Any junior player playing on an adult club may play with a junior club of their choice in junior competition; once joining that junior club, they must play with that club in junior competition for the remainder of the season. - If a junior player wishes to play in an adult tournament, they must rate themselves as per the registration form (C-AA) and provide that information to the WEVA Registrar.
- Juniors are allowed to play on adult teams only after parents have signed a request. This request must be approved by the WEVA Board of directors; this is not a policy WEVA generally approves of.

This fine is applicable only for the first event the team plays in during a single season of play. (See Fines and fees document on website). Any additional occurrences will result in

forfeiture of all games in which the team is in noncompliance with the uniform rule and may result in additional WEVA Board action against the team.

- Taped-on numbers are not allowable for regular USA Volleyball sanctioned play.
- It is required that uniform numbers be centered on the chest and on the back. Uniform numbers need to be 4 inches (10 cm) on the chest and 6 inches (15 cm) on the back. It is recommended that numbers be 6 inches (15cm) on the chest and 8inches (20cm) on the back.

- If two or more teams are scheduled to work the following will be used to determine work team. If both teams are from the same area (city), a coin toss is used to determine the work team. If the teams are from different areas (cities), the team closer to the tournament site (geographically) will be the work team.

- The WEVA Tournament Coordinator, Adult Representative, and Commissioner are the Tournament Directors for the Adult and Leisure Region Championships; they may select site coordinators as needed.
- The WEVA Board of Directors shall approve the playing site(s) and date(s) of Region Championships and Junior National Bid Event.

Eligibility:

- Eighteen and under girls teams must play in at least one WEVA sanctioned tournament to be eligible for the WEVA Girls Bid event. Thirteen thru seventeen and under girls teams and ALL boy's teams must play in at least two WEVA sanctioned tournaments to be eligible for the WEVA Girls Bid event or the WEVA Boys Region Championships. Teams must play in four events over the course of their season, with exception of the 12's with only two being required to be eligible. All players, excluding those 12 and under, must play the required number of events in the region with their club to be eligible, with exception of athletes that submit an exemption request to the board of directors. A submittal to the board for review, based on injury, must be accompanied by a medical note from the practicing doctor with the noted timeframe that the injury impacted their participation in WEVA events. If for another reason than injury, a detailed explanation of the circumstances causing the individual to miss the requirement must be submitted. The submission must be to the board for approval no later than two weeks prior to the scheduled event so ample time will exist for review of the documentation and communication of decision to approve or deny the request.
- An individual can only play in one age group even if the event spans multiple days for different age groups.
- In order to participate in the Region Championships or Girls BID Qualifier, teams must supply the required USA/WEVA Volleyball certified officials for all matches at the event, or complete the necessary certifications the day of the event. All paperwork signed off by the referee's must be turned in to the site coordinator the day of the event. WEVA's preference is to have all certifications completed prior to the event to assure that all matches have a qualified work team. Teams in non-compliance will be fined per the fines and fees document posted to WEVA website.

Entry Due Dates (all deadlines will be strictly enforced):

- Two (2) weeks, in advance of the tournament date, for all Junior Region Championships.
- One (1) week, in advance of the tournament date, for all Adult and Leisure Region Championships.

- The responsibilities are to have a WEVA certified 2nd referee, a USA Volleyball certified scorer and to complete their work assignments as required by the WEVA Officials and scorers chairpersons.

USA NATIONAL EVENTS

- WEVA will fund ALL BOYS and GIRLS junior team's entry fees that qualify for participation in USA Nationals by winning their applicable age division at the WEVA Boys Regional Championships or the Girl's BID Qualifier. WEVA will pay their entry fee as long as at least 4 teams within the specific age group are represented in the BOYS Region Championship or Girls BID event.
- If a girls junior team qualifies for participation into the USA Nationals at a USA sanctioned qualifier event at the Open level that team will not be allowed to participate in the WEVA Girls BID Qualifier event. Teams qualifying in other divisions can opt out of participating in the BID Qualifier if they desire. If they choose to they will accept the bid earned for the applicable level. That level would be lower than the National level bid awarded at the WEVA BID Qualifier event. As a result of qualifying at the National Qualifier event, their entry fee will be paid to the USA Nationals event. This is applicable to any division of the qualifier event.

- If any junior team is interested in participating in another USA sanctioned event in lieu of USA Nationals, the team must submit submission of that event interest to the board prior to the BID Qualifier event. The board will review such request and determine if it will be allowed if they were to win the BID. Typically, this is for the younger age groups when the USA Nationals location is cost prohibitive.

- Please note that re-certification mandatory meetings and practical re-certification ratings will probably occur in different years. In most cases, officials who keep up their certification will not have as many meetings, tests or ratings as under the previous system.

WEVA Conflict of Interest Policy

Board of Directors, Committee Members, Selectors, and Exempt Level Staff

CONFLICT OF INTEREST

This Conflict of Interest Policy (the “Policy”) provides a framework of integrity for interactions with or on behalf of the Western Empire Region of USA Volleyball. However, given the unique makeup of WEVA, more in-depth questions may arise regarding conflicts of interest. For this reason the following guidance is provided:

- WEVA defines a conflict of interest as any personal or financial (both direct and indirect) relationship, including relationships of family members (see definition below), that could influence or be perceived to influence your objectivity when representing or conducting business for, or on behalf of, WEVA or participating in a WEVA selection process.
- WEVA defines “family” for these purposes as follows: spouse, parent, child or spouse of a child, brother, sister, spouse of a brother or sister, a cohabiting companion, or any other individual with a significant familial or familial-like relationship. Both parent and child shall include step-parent and step-child.
- Because the appearance of impropriety can be just as damaging as actual impropriety, conduct that appears to be improper must be disclosed so that the appropriate WEVA entity may determine whether such substantial appearance of a conflict is deemed to be a prohibited conflict of interest. WEVA defines a substantial appearance of a conflict of interest as whenever others may reasonably infer from the circumstances that a conflict exists. For these reasons, an individual must recuse himself/herself from participating in the WEVA activity giving rise to the substantial appearance of a conflict of interest unless and until it is determined that no conflict exists.
- Each WEVA Board member, committee member, selector, and exempt employee shall fulfill his obligation to disclose any conflict by signing the “Western Empire Region of USA Volleyball Yearly Conflict of Interest Disclosure Form”, This must be done within 14 days of acceptance of the position and prior to the individual participating in any relevant meetings or activities, or else the individual cannot participate in any relevant meetings. Once an individual has signed this Policy, it is incumbent upon him to update the Exhibits as appropriate to disclose any new or updated conflicts. This is a continuing obligation upon the individual.

If a dispute arises as to whether a particular situation is indeed a conflict of interest, then the interested committee (the committee which is impacted by the potential conflict of interest) shall make the determination. The question is posed to the committee and a majority vote prevails. The individual at issue must excuse himself during the discussions and vote on the issue.

If personal or financial interests exist with any person or concern with whom the WEVA Region has a business or other relationship or you have a personal or financial relationship with a candidate for a team or individual chosen by a selection procedure or a substantial appearance of a conflict of interest exists (see definition above) and the other relationship or interest could influence or be perceived to influence the objectivity of your decisions, or if a committee determines that a conflict of interest exists, or if a duality of interest exists, you must:

- Disclose the Conflict. The individual with the conflict of interest shall immediately disclose the existence of a conflict when the issue for which the conflict exists is brought up at the meeting.

This disclosure should include the nature of the conflict and why the individual believes it is a conflict;

- Disclose Information. The individual with the conflict should then download to the board or committee any information relevant to the subject that he might have;
- Leave Meeting. The individual with the conflict may need to leave the meeting and not participate at all in the deliberations on the matter and any vote that might be taken. If, after the person has left the room, the deliberating body has questions that he could answer, he can be brought back into the meeting for the sole purpose of answering those questions. Once the questions have been resolved, he/she may need to vacate again until the deliberations have been completed and the vote has been taken;
- Deliberation and Vote. The remainder of the committee or board should conduct the deliberation on the matter at hand and, if appropriate, proceed to a vote.

At all times, the conflicted person does count for determination of a quorum.

Inappropriate hospitality or gift giving between individuals can also create a conflict of interest. Gifts, cash, travel, hotel accommodations, entertainment or favors are neither to be given nor received except those of nominal value exchanged in the normal course of business. Favors or other assets or gifts may be accepted if they are part of open and generally accepted practices and serve to promote the best interest of WEVA and would not embarrass the individual or WEVA if publicly disclosed and do not compromise the objectivity and integrity of the recipient or donor. Alternatively, if an asset or a gift is of significant value, and accepting the gift individually would not be appropriate, the asset or gift may be accepted on behalf of WEVA, in which case the asset or gift will be turned over to WEVA promptly.

ENFORCEMENT
