

Roster Creation from the USA Volleyball Database

Reasons & Requirements

It is a **requirement for all WEVA registered teams** to submit a roster, created using the **USA Volleyball database**, at all WEVA sanctioned events

This ensures that all participants at WEVA sanctioned events are registered. This ensures that team IDs (example: Volley FX Magic – FJ8VOLFX1WE) are used and the region ranking system will be as accurate as possible

Rosters from Advanced Event Systems are not acceptable

It is **recommended** that all non-WEVA teams, whose region uses the USA Volleyball database, submit a roster created using the USA Volleyball database at all WEVA sanctioned events.

If not, a roster must contain the following information for all members sitting on the bench:

Player: Name, USAV #, & Uniform #

Coaches/Managers: Name & USAV #

Signature: Coach's signature

Teams from Canada, Mexico, & Puerto Rico should supply their organization's Member ID #s for each player

Who Creates the Rosters

Each club, with the assistance of the WEVA Registrar, has at least one person within their organization that has the ability to create rosters using the USA Volleyball database. This Administrator is the same person who places the players and coaches on specific teams in the database

To request that more than one person has the capability to create the rosters, please contact the WEVA Registrar

ROSTER & USAV Medical/Emergency Release Form Verification

Coaches of the teams in this event are required to carry with them at all times completed USAV Medical/Emergency release forms.

The person signing this form verifies that:

1. The above roster is correct and contains all players who will be participating in the event. All players meet age requirements.
2. They will have in their immediate possession at all times during this competition a completed copy of the USAV Medical/Emergency Release Form for each player listed on the official roster.
3. The team understands it is subject to any and all penalties if this roster does not match the participants attending the event, regardless of who signs this verification.
